DR. KEYSER'S

PECTORAL SYRUP

CURES CONSUMPTION, CURES BRONCHITIS,

CURES COLDS, CURES ASTHMA,

CURES ALL DISEASES OF THE LUNGS.

I INVITE ATTENTION to some of the most extraordinary cures by my

PECTORAL SYRUP.

There are at home and any one who has doubts can inquire of the persons who have been cured by it.

Dr. KEYSER IS PREPARED AT ANY TIME TO EXAMINE LUNGS, WITHOUT CHARGE, FOR ALL THOSE WHO NEED HIS MEDICINE.

ATTEND TO YOUR COLDS.—A case of five years standing cured by

DR. KEYSER'S
PECTORAL SYRUP.

PITTSBURG, Jan. 11th, 1859.

DR. KEYSER:—My wife has been afflicted with a bad cough and difficulty of breathing for five or six years, which for several years back had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case I procured some of your Pectoral Cough Syrup. I bought the first time a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself to a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do so.

WM. WILSON,
Alderman, Fifth Ward.

PITTSBURG, Nov. 18th, 1858.

DR. KEYSER:—Although not an advocate of Patent Medicine in general, it affords me great pleasure to recommend your Pectoral Syrup. As a medicine it is well worthy the attention of any person who may in any manner be afflicted with coughs, colds and hoarseness of any kind, and for the peculiar qualifications for removing all that disagreeable sensation attending a cold.

I have been more or less, in my life afflicted with the severest colds of hoarseness. At times my throat would become so closed as to prevent my speaking above a whisper, and by taking a few doses of the above Syrup it would relieve me entirely.

In recommending this medicine, I must unhesitatingly say that it is the best medicine I ever found, purporting to cure the above; nor should any family be without this remedy for diseases so prevalent

Yours, most respectfully,

EDWARD J. JONES,
Cashier, Citizens' Deposit Bank.

STEUBENVILLE, O., March 14th, 1859.

I have used Dr. Keyser's Cough Syrup for a bad cough of several years standing, and can cheerfully say it is the best medicine for the same that I have ever taken.

J. W. PRICE.

COL. PRATT AND DR. KEYSER'S PECTORAL SYRUP.—DR. KEYSER—Dear Sir: Excuse the delay of my acknowledging the excellence of your Pectoral Syrup sooner. I take great pleasure in saying that it is all you say it is. IT KNOCKED THE NOISE OUT OF MY COUGH, and the worst one I was ever afflicted with; I have not used more than one half of the bottle, and can and do wish that if who are afflicted would give it as fair a trial as I have done, and they will be proud to say, "It is no quack medicine." I would not suffer another such an attack for any consideration, or at any cost. I am confident I can breathe more freely than I ever did. I shall always acknowledge a debt of gratitude for inventing so excellent a remedy.—You are at liberty to use my name in this regard, as you think proper.

E. F. PRATT.

Messenger, Common Council, Pittsburgh, Pa.

PITTSBURG, May 11th, 1859.

N. B.—I am no stranger to my fellow citizens, and all who entertain doubts can consult me personally.

E. F. P.

READ THE TRUTH!—DR. KEYSER: I have a daughter who has taken several medicines for a bad cough, who has taken several medicines for a bad cough, without benefit—among them Ayer's Cherry Pectoral. I purchased from you a bottle of your PECTORAL SYRUP, and before she had used half a bottle she was relieved. The second bottle cured her entirely of her cough.

JOHN DARIN,
Robison street, Allegheny.

PITTSBURG, December 31st, 1853.

A GREAT CURE BY DR. KEYSER'S PECTORAL SYRUP.—I live in Peebles township, Allegheny county.—I had a coughing a-d spitting, which commenced about the 4th of February last, and continued eight months. I employed the best physicians in the country, and my cough continued unabated until early in October. At that time I was advised to try your PECTORAL SYRUP, which I did, and after I had taken one bottle I was entirely free from the coughing and spitting. I had dispaired of ever getting well, and I think it should be known that this valuable remedy will do for others what it has done in my case.

JOHN C. LUTLE, Peebles township.
Witness—R. M. KEE.

PATTON TOWNSHIP, April 14th, 1857.

A WONDERFUL CURE.—Some time ago, an old neighbor of mine was very ill with a bad cough which every one supposed to be consumption. His relatives told me he had taken every remedy they heard of without benefit; his brother came to see him die, and all were confirmed in the belief that he could not live. I told about the third of a bottle of your Pectoral Syrup I had, I gave him, and it entirely cured him, to the astonishment of all. What makes the case more remarkable, is the extreme age of the man, he being about eighty years old. I have no doubt the Pectoral saved his life.

JOHN MCINNIS.

DR. KEYSER'S PECTORAL SYRUP IS BLAIRSVILLE.—Please send me another supply of your valuable "Pectoral Syrup." Almost everybody around us has the cold and calls for Dr. Keyser's Pectoral Syrup." We have sold sixteen bottles last week, and are now entirely out. Mr. Alter and Mr. F. Maher, both of Blairsville, Pa., tell us they would not be without it in their families. In fact, all who use it once want it again.

J. S. WATTERSON & SON'S.

January 20th, 1860.

ANOTHER NEW CERTIFICATE—DR. KEYSER'S PECTORAL SYRUP.—I have been troubled with a cough and cold for several weeks—so bad was it that I could not sleep. I had the advice and prescriptions from three of the best physicians in the city, whom I could name, but did not do so. I finally procured a bottle of your Pectoral Syrup, which cured me entirely. Signed,

J. W. SIMONTON,
635 Liberty St., Pittsburg, Pa., Jan. 9th, 1860.

"STOP THAT COUGHING."—"How can I do it?"—"Go to Keyser's on Wood street and get a bottle of his Cough Pectoral, and if that don't cure you, your case must be desperate indeed." This is a specimen of the colloquy one hears almost every day in cold catching seasons of the year. We would, from actual experiment, cheerfully concur in the last clause in addition as above, for we have tried the "Pectoral" in a most stubborn case, with entire success. In my two weeks ago we went to Pittsburg, with one of the most distressing coughs, accompanied with pains in the breast, that I have ever experienced since our advent upon this mundane sphere. We coughed accordingly and laboriously for one whole week, in hopes of tiring it out, but it was no go. Leaving it to work its own cure by practice, and to heedless of all remedies, we gave it undisturbed sway in the meantime. At the end of the week, we coughed our way to Keyser's, 140 Wood street, procured a fifty cent bottle of the Pectoral, took it according to directions, and in forty-eight hours from the first dose of the field, the enemy of the throat and lungs finally surrendered after a brief but most determined fight with so formidable an adversary as Keyser's Cough Pectoral.—Pittsburg Chronicler, Dec. 14th, 1860.

GIRL "IES."

Fallen from grace old names come down,
And dressed in tatters roam around town,
Falling they've grasped and tried to clench
At facing beauty in "bad French!"
Magsiden penitent, oh, what a fate!
As Maggie thou must navigate,
Agnes deprived of nes, is Aggie,
Looks like a leg of mutton scraggy,
Saucy, poor girl, is now a Nannie,
Frances flaunts all around as Fannie,
Mary, sweet name of grace, is Mamie;
While Caroline falls down to Carrie,
Stately Cordelia walks as Delia.
Matilda writes her name thus—Tillie.
Margaret, the "pearl of names," is Maggie;
Martha descends to simple Mattie.
Phœbe, for shortness, we call Pattie:
Harriet is better known as Hattie.
Emily, faith, her name is Emmie;
Jane has become an errant Jennie.
Elizabeth dances up to Lizzie;
Betsy as Bessie is no fuzzy.
Gertrude, oh horrors! shines as Tudie:
While Julia (black haired) beams as Judie.
Louisa only known as Lulia:
Helen, as Nellie, wants to fool ye.
Eliza loves to hear it Lidie,
Adaline descends alike to Adie;
Rebecca, Beckie signs her name;
Susan as Susie does the same.
Bridget with truthfulness is Biddie,
Lydia contents herself with Lyddie,
While glorious Sarah makes a Sallie,
And Alice lives all round "Our Allie."

STANZAS.

Farewell. Life! my senses swim;
And the world is growing dim:
Thronging shadows cloud the light,
Like the advent of the night—
Colder, colder, colder still,
Upward steals a vapor chill;
Strong the earthly odor grows—
I smell the mould above the rose!
Welcome, Life! the spirit strives!
Strength returns, and hope revives;
Cloudy fears, and shapes forlorn
Fly like shadows at the morn—
O'er the earth there comes a bloom;
Sunny light for sullen gloom,
Warm perfume for vapor cold—
I smell the rose above the mould.

Select Miscellany.

HOW AN OLD SAILOR TALKED TO A CHILD.

We clip the following from Mrs. Stowe's story, now being published in the New York *Independent*. It is an old sailor talking to his grand-daughter:

"Father," said Sally, "how many things there must be at the bottom of the sea—so many ships are sunk with all their fine things on board? Why don't people contrive some way to go down and get them?"

"They do, child," said Capt. Kittridge, "they have diving-bells, and men go down in 'em, with caps over their faces, and long tubes to get air through, and they walk about on the bottom of the ocean.

"Did you ever go down in one father?"

"Why yes, child, to be sure; and strange enough it was, to be sure. There you could see great big sea-critters, with ever so many eyes and long arms, swimming right up to catch you; and all you could do would be to muddy the water at the bottom, so they could not see you."

"I never heard of that, Captain Kittridge," said his wife, drawing herself up with reproving coolness.

"Wa'l, Miss Kittridge, you ha'nt heard of everything that ever happened, though you do know a sight."

"And how does the bottom of the ocean look, father?"

"Laws, child! why trees and bushes grow there just as they grow on land; and great plants—blue, and purple, and green, and yellow, and pearls. I've seen them as big as chippin' birds' eggs."

"Can'n Kittridge," said his wife.

"I have—as big as robin's eggs, too; but them was off the coast of Ceylon and Malabar, and way round under the Equator," said the Captain, prudently resolving to throw his romance to a sufficient distance.

"It's a pity you didn't get a few of 'em pearls," said his wife, with an indignant appearance of scorn.

"I did get lots on 'em, and traded 'em off to the nabobs in the interior for Cashmere shawls, and India silks and sich," said the Captain composedly, "and then brought 'em home and sold 'em for a good figure, too."

"Oh, father," said Sally, earnestly, "I wish you had saved just one or two for us."

"Laws, child, I wish now I had," said the Captain, good naturedly. "Why, when I was in India, I went up in Lucknow and Benares, and saw all the nabobs and big-guns—why, they don't make no more of gold and silver and precious stones than we do of the shell that we find on the beach. Why I've seen one of them fellers with a diamond in his turban as big as my fist."

"Captain Kittridge, what are you telling?" said his wife once more.

"Fact—as big as my fist," said the Captain obdurately; "and all the clothes he wore was just a stiff crust of pearls and precious stones. I tell you he looked like something in the Revelations—a real New Jerusalem look he had."

"I call that ar talk wicked, Cap'n Kittridge, usin' scriptur that ar way," said his wife.

"Why, don't it tell about all sorts of gold and precious stones in the Revelations?" said the Captain; "that's all I meant. Them ar countries off Asia aint like our'n—stands to reason they should not be, them's Scripture countries, and everything is different thar."

"Father, did you ever get any of those splendid things?" said Sally.

"Laws, yes, child. Why, I had a great green ring, an emerald, that one of the princes giv' me, and ever so many pearls and diamonds. I used to go with 'em rattlin' in my vest pocket. I was young and gay in them days, and thought of bringin' of 'em home to the gals, but somehow I always got opportunities for swoppin' of 'em off for goods and sich. That ar shawl your mother keeps in her camfire chist is what I got for one on 'em."

"Well, well," said Mrs. Kittridge, "there's never any catchin' you, 'cause you've been where we haven't."

RELIGION IN THE UNITED STATES.

Religion has made greater progress in the United States, than in any other nation of modern times. A writer in the Lutheran *Observer* states, that in the year 1650 the proportion of the population to the memembers of the Evangelical churches, was thirteen to one. In 1775, before the commencement of the Revolutionary War, when the entire population was just 3,000,000, one to sixteen was connected with the churches. From the commencement of the war till 1792, the whole country was convulsed, and the number of professors at the latter period, to the entire population, was one to eighteen. In 1800 the population was 5,605,940, and by reason of the growth of French Infidelity and Unitarianism, the same proportion was preserved. About the year 1809 extensive and powerful revivals took place, and multitudes were gathered into the Church. This was soon felt, and in 1825, the population being 10,500,000, one out of fourteen was a professor of religion. In 1854 the population being about 26,500,000, we have one professor of religion to six and three-eighths. Within the last five years the accessions have been so great that the Church members now number one to five and a half of the entire population.

There is much said just now in favor of our "glorious Constitution." The most glorious fact about it is the freedom of religion which it guarantees. Under this freedom the "voluntary principle" has had full play, and the above figures show the result, but not all the result, for what a religious power has gone forth from this land into the rest of the world! Not only by its missions, but indirectly by its example, has it been influencing the general prospects of Christendom. God save our glorious Constitution.—*Methodist*

A CANAL BOAT from Pittsburgh was, some years since, floating down the Mississippi, toward New Orleans. As the crew lolled around in the sun, two of them drifted into a verbal passage at arms on the slavery question. The contest waged hotly, and with more fervor of feeling than strength of argument. Finally, to clench his position, the pro-slavery champion—Sam Stoner—took emphatic ground:

"I'll tell you," said he, "a nigger's a beast, he haint got no soul. Now I tell you what it is, I can prove from the bible that a white man's got a soul; but who can show me any place where a nigger's got one?" Like many others, Peter Voss, Sam's opponent, knowing the contents of the good book only from hearsay, naturally credited his neighbor with all the biblical knowledge he claimed, and was, consequently, staggered by his bold challenge. But Pat, a blundering Erinite—the butt of the crew—who, while sunning himself at lenth, on a board, had listened to the discussion, now sleepily came to Peter's rescue, by asking: "And, Misther Stoner, if a nager hasn't a sowl, how is it wid the half-and-halfs? have they half sowls?" "Well, by thunder," said Sam, after pausing for a moment to recover from the blow, "I never thought of that before!"

ORIGIN OF THE GYPSIES.

The Gypsies are not Egyptians, as is commonly supposed, but are of the lowest class of Indians among the estates of Hindostan, commonly called Pariars, or in Hindostan, Sundars. They are found in Persia, Turkey, Russia, Hungary, and most of the continental nations, amounting to more than 700,000; they all speak one language, differing only in a slight degree from each other, as the provincial accents of a kingdom may differ, and as this language is nearly the same, the Hindostanee. The emigration of this people from their own country is attributed to the war of Timour Beg, in India, (408) at which period their arrival in Europe is confirmed by historical authorities. So cruel was the conqueror, that 100,000, who surrendered as slaves, were put to death; in consequence of which a universal panic seized the inhabitants, and they fled in all directions, the Sundars gradually finding their way into Europe. The features of the Gypsies plainly show their Eastern origin; but they had so well contrived to dupe the European inhabitants that, until the advancement of Oriental literature, their country could never be clearly traced. In England, where they arrived in the time of Henry VIII., they met the taste of the vulgar by pretended skill in astrology, and the art of palmistry, bringing with them their native tricks of juggling. That the Gypsies are of the race mentioned, can scarcely be doubted, when we put all the reasons together for establishing the theory. The date of the scattering of the Indian tribes by Timour Beg, agrees with that of their emigration to Europe; their language accords with that of Hindostanee; their persons strongly resemble the people of that country—so much so, that the troops of Hindostan struck the British officers with surprise when they joined their armies, as so nearly resembling these people, and their customs and mode of life in every respect are peifectly in accordance with those of the Sundars; both are filthy and disgusting in their habits; both are given to steal; both dislike to communicate their language to strangers; they are remarkably fond of horses; they prefer food killed by disease; they have similar dances, they have similar vices, they are alike wanderers, and are averse to civilized life; they equally dislike agricultural pursuits, and practice music, or travel about with their tinker's tools, ready to work at every door; their marriage customs are similar. The belief that the Egyptians were Gypsies arose from the report circulated by the first of them, that they were pilgrims from Egypt The Gypsies have no particular religion, all professedly conforming to that of the countries where they dwell, but being for the most part destitute of faith.

A LADY DUELLIST.—A curious case is related as having taken place at Berlin. At a first class hotel in that city, a political discussion arose at the table *d'hote*, which grew rather warm, during which some personal remarks were passed between two young men, hitherto strangers. They left the table, and cards were exchanged; the result was that the young man, a stranger to Berlin, sent a letter, requesting a due provision of pistols.—The letter, however, fell into the hands of the sister of the young man, who conceived the extraordinary notion of impersonating her brother, to whom she is devoutly attached, the idea of danger to him being more insupportable than death to her. As she is very like her brother, she trusted the truth would not be discovered; and she actually appeared on the field at the appointed hour. The place of meeting was that where Herr Von Hinkledy was killed some two or three years ago. The opponent was, however, not deceived by this false appropriation of the pantaloons, though willing, out of gallantry, to humor the fair one, and frighten her for her frolic; so he took his place, and as he obtained the right of the first fire, levelled his pistol at his fair antagonist for a time. She did not flinch, however; and he was forced at last to fire into the air. The turn of the lady came, and she was in nowise nervous about using her rights, and shot the young man in the shoulder. The wound was slight. The matter is in the hands of the police, and the newspapers have scent of it, as appears from a paragraph in the *Kolnischer Zietung*.

COULDN'T CATCH HIM.—Professor Johnson, of Middleton University, was lecturing before the students on Mineralogy. He had before him quite a number of specimens of various sorts to illustrate his subject. A roguish student, for sport, slyly slipped a piece of brick among the stones. The Professor was taking up the stones one after another, and naming them:

"This," said he, "is a piece of granite, this is a piece of feldspar, &c.

Presently he came to the brickbat. Without betraying any surprise, or even changing his tone of voice, he said:

"This," said he, holding it up, "is a piece of impudence."

There was a shout of laughter, and the student concluded he had made little by that trick.

THE WAY OF THE WORLD.

The Philadelphia *Press* tells the following story in regard to the death of Lola Montez:

A few months ago she was attacked with paralysis, which ended in death. The cause of this attack remains to be related, and we shall give it here. When Lola went to California as an actress, she engaged an agent. This gentleman was a married man, with two children, and seeing him unhappy in their absence, she presented him with sufficient money to bring them and their mother on. Shortly after their arrival the husband died. Lola then adopted the widow and orphans, sending the latter to Mrs. Willard's Seminary, at Troy. An officer of the U. S. N. fell in love with one of the girls, and Lola, literally acting in *loco parentis*, approved of his suit.—During her last visit to England the marriage took place.

Lola did not again encounter her *protege* (who accompanied her husband to a distant State, where he was detained on duty,) unto a recent period, when she met her walking down Broadway, in company with a lady of the highest *ton*. With her usual impulsiveness, Lola rushed to her young friend—literally the child of her charity—as to embrace her. The young lady coldly drew back and said, "Madam, I do not know you!" "Not know me! I am Lola—Lola Montez!" "Madam," she answered, as she turned coldly away, "I do not know you, I never saw you before, and if you persist in speaking to me I will call a policeman." Lola then went home, "more in sorrow than in anger," and that same day had the grst attack of paralysis, which, a few days ago destroyed her.—Lola Montez *was literally murdered by ingratitude.*

EMPLOYMENT.—A journeyman mechanic in Connecticut, being out of employment, and having a family to support, called upon a gentlemen of the village, to see if he could not give him something to do. The gentleman asked him what kind of work he could do, besides following his trade.

"O, most anything," said the man.

The gentleman bethought himself a moment, and then asked—

"You're a Wide Awake, I believe?"

"Yes sir."

"Have you got your cape and hat yet?"

"Yes, sir."

"Well, if you will put them both on, and walk about the streets, with a label attached to the cape, 'The last of the Wide Awakes,' I'll give you a dollar and a half per day for the service."

"I will," said the man.

And at the last accounts he had been working at his new trade several days.

WHAT WOULD become of about half of our female population, were a law to be promulgated anything like the following, passed by the English Parliament in 1770, and which should be entitled

A LAW AGAINST OBTAINING HUSBANDS UNDER FALSE PRETENCES.—That all women, of whatever age, rank, profession or degree—whether virgins, maids or widows—who shall, after this act, impose on, seduce, and betray into matrimony any of His Majesty's male subjects, by means of scents, paints, cosmetic washes, artificial teeth, false hair, Spanish wool, iron stays, bolstered hips, hoops, or high-heeled shoes, shall incur the penalty of the law now in force against witchcraft and like misdemeanors; and the marriage, under such circumstances, upon conviction of the offending party, shall be null and void.

TEMPER.—Single out the remarkably sensible men and women of your acquaintance—not the most witty, or the most versatile, or the most artistic minds—they may or may not be of the number—but those who have the largest share of sound sense, and you will find that they are always the best tempered. Good sense is shocked and disgusted by the utter foolishness of ill temper, just as much as good taste is by its ugliness. Good sense sees, at a glance, the impotence of rage, the stupid brutishness of a fit of the sullens, and the absurd waste of time and mental strength in peevishness and perversity. Things that we really dispise have no power over our minds; and a man of sense knows that it is beneath him to give way to temper upon every petty occasion.

THE SYRIAN MASSACRE.—Authentic statements show that there have been no exaggeration in the accounts heretofore published respecting the massacres committed by the Druses in Syria. According to a document prepared by the Central Committee of Assistance in London, from information supplied by the Turks themselves, the number of Christians who lost their lives is 18,000, including women and children. The number of women and young girls carried off and sold to the Turks is 3,000. The number of Christians of all sects reduced to misery these events is 99,000—One hundred and fifty towns and villages, with the churches, monasteries and convents attached to them, were pillaged, burnt or destroyed. The pashaw of the district entrusted to Daoud Pasha was included in the number. The total of the Christian victims in Damascus may be estimated at 6,000, and the approximate loss of the Christians in the district, including the removal of many of the Christians to Beirut, under guaranteed protection from the vengeance of their persecutors.

☞ We have lived in the midst of exciting times, but the events of the last five days have sufficed to convince us that we never before knew what excitement meant. On Saturday last we received intelligence of the bombardment of Ft. Sumpter. This, of course, created some excitement, although it had been expected daily for the last two or three months. On Sunday we received word that Maj. Anderson had surrendered. This was discredited by many, although the sequel proves it only too true. In this case the American Flag was hauled down and the Secession Flag run up in its stead. Here was an open insult to and defiance of the glorious banner under which we have thought ourselves proud to live, and that insult was given by those whom we, a few months since, regarded as brothers and friends. Could the patriotism of loyal citizens brook such an insult? No, Sirs! Had our ensign of liberty been disrespected and trampled upon by a foreign foe, the indignation of our people, and their determination to wipe out the insult, would not have run so high; but to have it thus dishonored by those who have been made all they are under its ample folds, was almost too much to bear, and the word "TRAITORS" illly expressed ther contempt for the assailants of Sumter.

On Monday morning, the President issued a proclamation calling for 75,000 men—10,000 of whom were to be furnished by this State. Several companies from this county having heretofore tendered their services, they received notice to proceed to recruit their ranks immediately and report themselves as soon as possible, at Harrisburg. Recruiting was forthwith commenced in earnest, in this place, by Captain Stink, of the Logan Rifle Rangers, and Captain Wayne, of the Altoona Guards. They are to leave for Harrisburg this (Friday) morning, having each obtained their full complement of men.

On yesterday morning, the Juniata Rifles, of Hollidaysburg, Capt. A. M. Lloyd, passed through this place on their way to Harrisburg. In the ranks were quite a number of our young townsmen, (two of whom had been engaged in our office,) and the scene at the depot, where they parted with their relatives and friends, was truly affecting. The crowd which had assembled to witness their departure, was very large, and cheered them loudly as they started. This company was accompanied by Col. Jacob Higgins, Maj. J. C. Osterloh and Gen. William Williams, who go to take their places in the army, as designated by their titles. Dr. Wm. R. Findley, of this place, left in the same train, to take the position of Surgeon of the Regiment, in room of Dr. R. W. Christy.

All the companies belonging to the Regiment of this county—10 in number—have been accepted and are now recruiting, and will likely be in the field inside of two weeks

Previous to the bombardment of Ft. Sumpter, there were those in our midst who were opposed to any attempt to subjugate the South, or retake the forts which had fallen into the possession of the secessionists, but now that desire for peace and longer indulgence to those who are so wontonly endeavoring to destroy the country, has given way to one of patriotic vindictiveness which promises to meet out terrible retribution upon those who have stirred it up. Heretofore men openly proclaimed upon the streets their sympathies, if they had any, with the secessionists, but now the man who dares to do so is scarcely sure of his life. One week since we could not have believed that upon our streets would be enacted, if opportunity offered, the scenes which have characterized many of the Southern cities, wherein men were tarred and feathered, or beaten by mobs, for expressing their Northern sentiments or love for the Union; but now we believe such would be the case here, were any man bold enough to proclaim for secession or for the South, and the verdict would be "served him right." The secessionists have invented a mode of checking free speech, which it seems is destined to return to plague the inventors.

From almost every business place in the town, the American Flag is displayed, and we learn that a very large one is shortly to be put up on the Company's shops. From the fact that no flags are to be had in the cities, many places that intend running them out have not yet been able to get them manufactured. We expect soon to see flags flying from almost every housetop, an evidence of the loyalty of our citizens to the Constitution and the flag of our country.

Some of our citizens deserve a commendatory notice for the manner in which they have contributed to the comfort of those who have enlisted for the regular service. Mr. C. Jaggard has been unsparing in his liberality, having given away a number of revolvers, three boxes of boots, and a great quantity of under-clothing to the members of the different companies, besides contributing in money. Mr. C. J. Mann has also nobly contributed to the relief of those who are about to defend their country's flag, by supplying them with under-clothing and other needful articles. Others may have contributed, but we have not learned their names, but will be glad to add them to the roll of honor if we can obtain them.

P. S. This (Thursday) evening, two more companies from this county, the Hollidaysburg Fencibles, and the Wayne Guards, from Williamsburg, passed through this place, enroute for Harrisburg. The latter company numbered 80 men.

A Splendid Exhibition Coming to Altoona.—We are pleased to announce to our readers, that Morrison's Grand Pan-tec-na-thec-a, one of the largest and most splendid exhibitions in the world, will visit this place and exhibit at Logan Hall, for three nights, commencing on April 23d.

We copy the following description of this exhibition from the New York papers. It will be seen that the attractions offered surpass anything ever yet brought to Altoona:

This Great Exhibition consists of five splendid Panoramas, painted in a new and novel style, with Diorsamic effect, on a scale of magnificence never before attempted. They present to view as distinct and plain as though one stood on the spot represented in the following scenes:

The city of Washington—the Capitol, with the new Dome and Marble Extension—the inside of the Capitol—the new Senate Chamber, with its gorgeous decoration—the Hall of Representatives—the Public Buildings at Washington—the Patent Office—the U. S. Treasury—the President's House and Grounds—the Smithsonian Institute—and the famous East Room in the President's House, where all the Levies are held—showing all its furniture, marble mantles, magnificent mirrors, and glittering chandaliers, even to the colors and pattern of the two thousand dollar carpet that covers the floor.

Then comes five splendid views of Niagara Falls—showing them in every aspect, in Summer and Winter—the Lake of a Thousand Isles on the River St. Lawrence—the Hudson River—and the entire scenery of the White Mountains, from the snow covered dome of Mount Washington to the Old Man of the Mountain—magnificent scenes in New England, Virginia, Minnesota, and California, with three beautiful views in Mammoth Cave—showing the great Gothic or Arched Gallery—Echo River—Lake Lethe, and the Fairy Grotto with its Starry Dome, magnificent columns and limpid waters, making the scene one great resplendency of Gem-work, blazing Carbuncles, Rubies and molten Gold.

But the great feature in this Exhibition is the Voyage across the Atlantic Ocean, from New York to Liverpool, with a Storm at Sea, in which all the incidents of three thousand miles travel on the water are presented to view, with a distinctness and vividness mocking reality, and leading the spectators to believe themselves on the briny deep.

The great phenomena of the Moon Rising from the Sea, is to be witnessed by all, while in the Storm at Sea, all the elements in their majesty are to be seen and heard with such startling reality, as to cause old men to shiver, and the young children to cling close to their parents.

Arriving at Liverpool we have a view of that city—then a splendid view of the great City of London—with the River Thames and Bridges—new Houses of Parliament, St. Paul's Church.

Leaving London, the beautiful scenery of the River Rhine, is presented to view—the Swiss Alps—Scenery in Italy—Ruins of Pompeii—the whole exhibition concluding with a grand view of the Eruption of Mt. Vesuvius, as it appeared in the year '79, when it destroyed the cities of Herculaneum and Pompeii.

This Magnificent Entertainment was first exhibited in London for 280 consecutive nights, and was visited by more than half a million of people. It has recently been brought to America, and exhibited in the New England States, where it has been visited by admiring thousands.

The Exhibition will be shown in this place precisely the same as in London, and all who visit it are guaranteed two hours of amazement, wonderment and delight.

Soldiers' Exemption.—The patriotic men who have enrolled their names as volunteers, and are about to enter in the service of their country, will perceive from the following section of the Act of 1822, that in their absence their property will be fully protected. The Act says: No execution or other process shall issue against any officer, non-commissioned officer or private of the militia, when called into actual service, under a requisition of the President of the United States, or in pursuance of the orders of the Governor of this Commonwealth; nor shall any such process issue against him until thirty days after he shall have returned from duty, to his usual place of residence, or until forty days after he shall have been discharged; and the Court, alderman or justice of the peace from which or from whom any such process shall have issued, shall quash the same as soon as the fact of any such person being enlisted on public duty shall have been proven, and all the costs which shall have accrued in commencing or conducting any such process shall be paid by the person or persons who shall have applied for the said execution or other process.

The Right Feeling.—We stated yesterday, says the Pittsburgh *Chronicle* of Wednesday evening, that the Democratic members of our Legislature, who voted against the State military bill, are now anxiously co-operating with their former antagonists in an effort to place Pennsylvania in her proper military position. A resolution of Mr. Hill, pledging the faith, credit and support of the Commonwealth to the General Government, was introduced for the purpose of enabling the Democratic members to place themselves right before the country. A despatch says the best feeling exists between Republicans and Democrats, all being ready to serve in a common cause. This is as it should be. We want no divided counsels in Pennsylvania. This is the hour for patriotism, and not for partisanship.

☞ We learn that over 5,000 United States troops will pass eastward over the Pennsylvania Railroad between this and Saturday night.

Altoona Fair View Cemetery Association.—A special meeting of the Altoona Fair View Cemetery Association was held in the Council Room on the 11th instant. President Clabaugh in the chair, and a quorum of members present.

The President stated the object of the meeting to be the election of officers to serve for the ensuing year.

J. K. Bellman moved that we proceed to the election of officers. Carried. The following nominations were then made:

For President—Michael Clabaugh.
Vice Presidents—Geo. R. Everson, E. A. Beck.
Secretary—James Lowther.
Treasurer—B. F. Rose.
Executive Committee—George Hawkesworth, A. A. Smyth, Fred. Shillinger, E. B. McCrum, J. K. Bellman, Daniel Price, G. W. Kessler and Daniel Laughman.

On motion, the nominations were closed, a ballot was had and the several nominees declared duly elected.

On motion of B. F. Rose, A. A. Smyth and James Lowther were appointed a committee to audit the accounts of the Treasurer.

Auditing committee report that they have examined the accounts of the Treasurer and find a balance in his hands of one dollar and sixty-six cents, ($1.66.)

On motion, Resolved, That the meetings of this Association be held on the second Thursday evening of each month.

The Secretary was instructed to notify those indebted to the Association and request payment of all balances due the Association.

On motion of A. A. Smyth, the thanks of the Association was tendered the retiring Treasurer, C. C. Mason, for his valuable services.

On motion of A. A. Smyth, the proceedings of this meeting was ordered to be published in the Altoona *Tribune*.

On motion, adjourned.

JAS. LOWTHER, *Sec'y.*

Severe on Dishonest Railroad Employees.—A bill for the punishment of railroad employees, whose perception of the difference between *meum* and *teum* may not be of the clearest, has passed the Senate. It provides "whenever any person in the employ of any Railroad Company, whether such Company is incorporated by this or any other State, shall fraudulently neglect to cancel and return to the proper officer, company, or agent, any coupon or other railroad ticket with the intent to permit the same to be used in fraud or injury to any company, or if any person shall steal or embezzle any such coupon or other railroad ticket, or shall fraudulently stamp or print or sign any such tickes, or shall fraudulently sell or put in circulation any such ticket, any person so offending shall, upon conviction thereof, be sentenced to pay a fine not exceeding one thousand dollars, and to undergo an imprisonment by separate or solitary confinement at labor, not exceeding five years."

☞ In the midst of the present excitement, people are likely to forget many things which should be attended to, but none are likely to forget that they must have clothes to wear, if they can get them, and they can get them on reasonable terms, made up in the best and latest style, by calling at the Merchant Tailoring Establishment just opened in Mr. Flower's Building, on Virginia street, opposite Jaggard's store, where our old friend D. W. A. Belford, one of the best and most fashionable tailors in the country, will take pleasure in accommodating all who may call. He has a splendid stock of goods from which to select. Just call and see him.

☞ Messrs. Wm. H. Duff, and C. C. Cochran, two of the most accomplished business and ornamental penman in the United States, will hereafter be the associate professors of Penmanship in Duff's Mercantile College. On reference to our advertising columns it will be seen that they propose to test their title to this claim by comparing their writing with that of any other penmen in America. This enables persons in all parts of the country to see at once where the best penmen in the country are to be found.

Iron City College.—We take pleasure in again calling the attention of our readers to the advertisement of this widely celebrated Institution. Within a few years, many young men have laid the foundation of substantial fortunes, and hundreds are now engaged in business at salaries which they never could have secured but for the advantages afforded by this School. Every young man who can, should pursue a course of study in this Institution; it will prove of untold advantage to him.

Col. L. W. Hall.—We learn from Harrisburg that the Republican members of the Senate met in caucus on Tuesday evening last, and unanimously nominated Col. L. W. Hall, member from this district, for Speaker during the recess. This is a deserved compliment to a faithful and efficient Senator. We are rejoiced to witness this evidence of the popularity of our townsman, and congratulate him upon his promotion.

Communion.—The Communion of the Lord's Supper will be administered in the Presbyterian Church, in this place, on Sabbath next. The preparatory services will commence on Friday evening at 7½ o'clock. The Rev. George Elliott, of Mifflin county, will assist.

THE LATEST.

BALTIMORE, April 18, 2.30 P. M.

Pennsylvania Volunteers far as Baltimore. No molestation offered. Hearty reception from the Union men. A large police force escorted them, and at many points they were cheered by Union men who followed them in large numbers to Washington Depot. Streets thronged this P. M. Considerable excitement, but thus far no violence has been offered.

SECOND DESPATCH.

BALTIMORE, April 18, 5 P. M.

All reports about seizure of Harper's Ferry are false. Latest despatch says all quiet there. There is a full company of U. S. Artillerists stationed there, and a strong Union population.

A party of secessionists in Baltimore raised a secession flag at noon and commenced firing a salute with a cannon, when the working men from the foundries in the vicinity hearing the report rushed on the traitors, tore down their flag, spiked their gun and threw it in the river. The secessionists fled in great consternation and their flag was torn to tatters. Enthusiasm for the Union was universal—not less than 5,000 persons were present.

WAR NEWS.

REQUISITION FOR VOLUNTEERS.

WASHINGTON, April 15.—The following is the form of the call on the respective State Governors for troops, issued through the War Department to-day.

SIR: Under the act of Congress for the calling of the militia to execute the laws of the Union, suppress insurrections, repel invasions, etc., approved February 28th, 1795, I have the honor to request your Excellency to cause to be immediately detatched from the militia of your State the quota designed in the table below, to serve as infantry or riflemen for a period of three months unless sooner discharged.

Your Excellency will please communicate to me the time at which your quota will be expected at its rendezvous, as it will be met as soon as practicable by any officer or officers to muster it into the service and pay of the United States. At the same time the oath of fidelity to the United States will be administered to every officer and man.

The mustering officers will be instructed to receive no man under the rank of commissioned officer, whose years are apparently over forty-five or under eighteen, or who is not in physical strength and vigor.

The quota for each State is as follows:—
Maine, New Hampshire, Vermont, Rhode Island, Connecticut, Delaware, Arkansas, Michigan, Wisconsin, Iowa and Minnesota—one regiment each. Massachusetts, North Carolina and Tennesse—two regiments each.
New York—seventeen regiments.
Pennsylvania—sixteen regiments.
Ohio—thirteen regiments.
New Jersey, Maryland, Kentucky, and Missouri—four each.
Illinois and Indiana—six each.
Virginia—three regiments.

It is ordered that each regiment shall consist, in the aggregate, officers and men, of 780. The total thus to be called out is 73,391. The remainder, to constitute the 75,000 under the President's proclamation, will be composed of troops in the District of Columbia.

SEIZURE OF ARMS AND PROVISIONS.

CINCINNATI, April 17.—Chief Police Dudley this morning seized thirty boxes of guns on the steamer Ohio No. 3—twenty-three marked "G. T. W., Little Rock," and seven marked "L. R., Memphis." Also, five boxes for Memphis on the steamer Glendale, reshipped from the steamer Fanny McBurnie.

There is a great crowd on the landing, and the excitement high. The guns were shipped at Parkesburg, Va., and were supposed to have come from Harper's Ferry. A heavy shipment of powder has also been stopped.

All steamers have been prohibited from taking provisions South, and two steamers have been chartered by the city authorities to act as police boats, thoroughly armed, and will stop and search all passing steamers.

Three companies leave to-night for the rendezvous at Columbus. The Home Guard is rapidly filling its ranks.

The enlistment at Newport, Ky., barracks is very active. Over five hundred men are now in the garrison. A large consignment of bacon, for Charleston, via. Nashville, was taken from the steamer Glenwood this morning. The excitement throughout the city is on the increase, and the volunteer companies are all full; more men offering than can be accepted.

The volunteer companies are all full, and more men are offering than can be accepted.

STRANGERS PREPARING TO ARM.

Hon. J. H. Lane, Senator from Kansas, has had an interview with the President, and proposed to organize a company to be ready for active duty when called upon, to consist of strangers at the hotels and boarding-houses who propose to remain some time in the city. They ask the privilege of organizing and being sworn into service, with permission to carry the arms to their rooms. They will have a rendezvous, where they will assemble at stated periods.—The company will be formed.

ARMS FOR VIRGINIA.

The Wheeling *Intelligencer* says: "We are informed that the government is prepared to distribute arms in any quantity to those willing to enroll themselves into Union organizations and take the oath of fidelity. Companies in Western Virginia will be supplied direct from Harper's Ferry, by obtaining an order from the Secretary of War."

UNION SPEECH OF GEN. WOOL.

TROY, N. Y., April 16.—General Wool made a patriotic speech in this city last night. He closed by saying: "My friends, that flag must be lifted up from the dust into which it has been trampled, and placed in its proper position, and again set floating in triumph to the breeze. I pledge you my heart, my hand, and all my energies to the cause. The Union shall be maintained. I am prepared to devote my life to the work, and to lead you in the struggle."

RESPONSES TO THE CALL FOR TROOPS.

Offers have been received at the War Department at Washington of over 150,000 men, and the number is being swelled every hour. While it is the prayer of every loyal citizen that this strength may not be required, it is, at the same time, a source of the greatest gratification and strength to the Executive to know that the response is so emphatic.

MASSACHUSETTS.

BOSTON, April 16.—About thirty companies, numbering 1,700 men, have already arrived in the city and are quartered at Franklin Hall. Their outfits have also commenced to arrive, and to-morrow each man will be provided with the necessary articles for active service. All are eager to hasten where their services are required.

CONNECTICUT.

NORWICH, April 16.—Gov. Buckingham has just issued a proclamation, calling on volunteers to rendezvous at Harford.

The Thames Bank has tendered $100,000, and the Fairfield County Bank $50,000, to the Governor.

SOUTHERN VIEWS.

Prominent Southern men in Washington openly say that the Confederacy committed a serious mistake in opening the fire upon Fort Sumpter, as it will cause a reaction against them by the conservative, Union, and peace men of the South.

UNION SENTIMENT IN MONTGOMERY.

Parties in whom the fullest confidence is placed, who arrived here to-day from Montgomery, say that the Union sentiment is general and strong there, but that a feeling of awe compels silence, though hope, in conflict with despair, is still in the ascendency in the breasts of thousands in Montgomery and vicinity.

UNION SENTIMENT IN MARYLAND.

A large American flag is suspended across the street at Havre de Grace, bearing the motto, "By the Eternal, the Union must and shall be preserved."

A native and resident of Cecil county assures us the Union feeling in that county is intense and unqualified.

FORT PICKENS

Gen. Scott remarked yesterday that if an engagement took place at Pensacola, they would find it far different from attacking a starved company of seventy-five men with a force of 7,000. He thinks an attack on Fort Pickens may prove successful in the end, but says if the fleet, with reinforcements, arrive, it will be one of the bloodiest engagements ever known on this Continent. He has an opinion that they will hesitate long before attacking it.

FT. SUMPTER BOMBARDMENT.

NEW YORK, April 17.—The *Express* of this evening, says it has reliable information that forty-nine were killed, and one hundred and thirty wounded, in Fort Moultrie.

ANOTHTR CALL FOR TROOPS.

THE AMERICAN FLAG.

BY J. R. DRAKE.

When Freedom, from her mountain hight,
Unfurled her standard to the air,
She tore the robe of azure hight,
And set the stars of glory there.
She mingled with its gorgeous dyes
The milky baldric of the skies,
And stripped its pure, celestial white
With streakings of the morning light;
Then from its mansion in the sun,
She called her eagle-bearer down,
And gave into his mighty hand,
The symbol of her chosen land.

Majestic monarch of the cloud,
Who rearest aloft thy regal form
To hear the tempest-trumpings loud,
When strive the warriors of the storm,
And see the lightning lances driven,
And roll the thunder-drum of heaven,—
Child of the sun! to thee 'tis given
To guard the banner of the free,
To hover in the sulphur smoke,
To ward away the battle-stroke,
And bid its blendings shine afar,
Like rainbows on the cloud of war,
The harbingers of victory!

Flag of the brave! thy folds shall fly,
The sign of hope and triumph high
When speaks the signal trumpet tone,
And the long line comes gleaming on,
Ere yet the life-blood, warm and wet,
Has dimmed the glittering bayonet;
Each soldier eye shall brightly turn
To where thy sky-born glories burn;
And as his springing steps advance
Catch war and vengeance from the glance,
And when the cannon, mouthing loud,
Heave in wild wreaths the battle-shroud,
And gory sabres rise and fall
Like shoots of flame on midnight's pall,
Then shall thy meteor glances glow,
And cowering foes shall sink beneath
Each gallant arm that strikes below
That lovely messenger of death.

Flag of the Seas! on ocean wave,
Thy stars shall glitter o'er the brave;—
When death, careering on the gale,
Sweeps darkly round the bellied sail,
And hightened waves rush wildly back
Before the broadside's reeling rack,
Each dying wanderer of the sea
Shall look at once to heaven and thee,
And smile to see thy splendors fly
In triumph o'er his closing eye.

Flag of the free heart's hope and home!
By angel hands to valor given,
Thy stars have lit the welkin dome,
And all thy hues were born in heaven—
Forever float that standard sheet!
Where breathes the foe but falls before us,
With Freedom's soil beneath our feet,
And Freedom's banner streaming o'er us!

SPECIAL NOTICES.

☞ The Great Clothing Emporium of the Union.—Philadelphia possesses the most splendid Clothing Emporium in the country. It is splendid as regards the palatial structure in which the immense business of the establishment is conducted, and it is equally splendid in respect to its great facilities and vast resources. But to its patrons its chief attractions are, first, the elegance of the garments for Gentlemen and Youths, manufactured there; secondly, the beauty and durability of the materials, and the superior excellence of the fit, and lastly the moderate prices at which the goods are sold. We refer, in this description, to none other than the Brown Stone Clothing Hall of Rockhill & Wilson, Nos. 603 and 605 Chestnut St., above Sixth, Philadelphia.

Desirous of benefitting others, I will send this recipe, which I brought home with me, to all who need it, free of charge.

CHILDREN TEETHING

MRS. WINSLOW, AN EXPERIENCED NURSE AND FEMALE PHYSICIAN, presents to the attention of mothers her

SOOTHING SYRUP,
FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflamation, will allay pain and spasmodic action, and is *sure to regulate the Bowels.*

Depend upon it, mothers, it will give rest to yourselves, and Relief and Health to you Infants.

We have put up and sold this article for over ten years, and can say, in confidence and truth of it, what we have never been able to say of any other medicine—never has it failed, in a single instance, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak of this from "what we do know," after ten years' experience, and pledge our reputation for the fulfilment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most experienced and skillful nurses in New England, and has been used with never-failing success in *thousands of cases.*

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve *Griping in the Bowels and Wind Colic*, and overcome convulsions, which, if not *speedily* remedied, end in death. We believe it the *best* and *surest* remedy in the world, in all cases of Dysentery and Diarrhœa in children, whether it arises from teething or from any other cause.—We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world, and by G. W. Kessler and A. Roush, druggists, Altoona. Price 25 cents per bottle.

LABOR-SAVING WASHING MACHINE.

THE UNDERSIGNED HAVING purchased the right for Blair county, of

Tolhurst's Improved Washing Machine,

are now manufacturing them at Altoona, and intend to supply them to those persons throughout the county who desire a LABOR-SAVING MACHINE.

This machine is got up on an entirely new principle, and is considered, by those who have seen it in use, the best that has ever been brought before the public.

Among the many advantages of this machine over all others may be mentioned the following;

1st. Its simplicity of construction, making it almost impossible to get out of order.

2d. Its speed, which astonishes alike the operator and the looker on.

3rd. The facility with which it adapts itself to the bulk or quantity of clothes desired to be washed.

4th. It washes equally well the finest and lightest fabric or the coarsest and heaviest, such as bedquilts, comforts, blankets, &c.

MEMINN & DERN,
Altoona, Blair County, Pa.

We the undersigned, hereby certify that we are now using Tolhurst's Improved Washing Machine and are fully satisfied that it is a very excellent article of the kind; combining as it does great speed with little labor, and performing its work in the most satisfactory manner. We therefore cheerfully recommend it to all who desire a real time-saving washing machine.

PROF. L. MILLER'S

HAIR INVIGORATOR!!

A [redacted] CHEMICAL COMPOUND AND ECONOMICAL PREPARATION, *RESTORING GRAY HAIR* to its natural color by dyeing, and preventing the hair from turning gray; *PREVENTING BALDNESS*, and curing it, when not from too great paralysis of vitality, or decay of the nutritive organs; *PREVENTING DANDRUFF*, and curing it, when it has formed; *FOR REMOVING SCURF AND DANDRUFF*, and all cutaneous affections at the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy, making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from *dandruff and other cutaneous diseases*, causes the hair to grow luxuriently, and gives it a rich, soft, glossy flexible appearance, and also where the hair is loosening and thining, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a *fresh covering of hair.*

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L.M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the *hair from turning gray* until the latest period of life; and in cases where the hair has already changed its color, the use of this Invigorator will with certainty *restore it to its originaltine*, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in *dressing the hair*, which, when used with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a *standard toilet article* which none ought to be without, as the price places it within the reach of all, being

ONLY 25 CENTS

per bottle, to be had at all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of the Invigorator, in cases where the childrens' Hair inclines to be weak. The use of it lays the foundation for a *good head of hair*, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER being on the outer wrapper; also, L. MILLER'S HAIR INVIGORATOR, N. Y. blown in the glass.

Wholesale Depot. 56 Dey St., and sold by all the principal Merchants and Druggists throughout the world.

Liberal discount to purchasers by the quantity.

I also desire to present to the American Public my

New and Improved Instantaneous LIQUID HAIR DYE

which after years of scientific experimenting I have brought to perfection. It dyes Black or Brown instantly with at injury to the Hair or Skin, warranted the best article of the kind in existence.

MOFFAT'S LIFE PILLS and PHŒNIX BITTERS.

THESE MEDICINE HAVES NOW been before the public for a period of thirty years, and during that time have maintained a high character in almost every part of the globe, for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

The following are among the distressing variety of human diseases to which the

VEGETABLE LIFE MEDICINES are well known to be applicable.

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy life, instead of the stale and acrid kind; DEBILENCY, Loss or Appetite, Heartburn, Headache, Restlessness, Ill Temper, Anxiety, Languor, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of respiration in which these and the thorough solution of all intestinal obstruction in others.

The Life Medicines have been known to cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints.

DROPSIES of all kinds, by freeing and strengthening the kidneys and bladders; they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the most inveterate cases of GRAVEL.

Also WORMS, by delighting from the turnings of the bowels the slimy matter to which these creatures adhere.

SCURVY, ULCERS, and INVETERATE SORES, by the perfect purity which these LIFE MEDICINES give to the blood, and all skin diseases.

SCORBUTIC ERUPTIONS and BAD COMPLEXIONS, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, called, clouds, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of SALT RHEUM, and a striking improvement in the clearness of the skin. COMMON COLDS and INFLUENZA will always be cured by one dose, or by two in the worst cases.

PILES.—The original proprietor of these medicines, was cured of Piles, of 25 years standing, by the use of the Life Medicines alone.

FEVER & AGUE.—For this scourge of the Western country, these medicines will be found a safe, speedy and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—try them, be satisfied, and be cured.

BILLIOUS FEVERS and LIVER COMPLAINTS.—General debility, loss of appetite and diseases of females—the medicines have been used with the most beneficial results in cases of this description.—Kings Evil and Scrofula, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. Night Sweats, Nervous Debility, Nervous Complaints of all kinds, Palpitation of the Heart, Painters' Colic, are speedily cured.

MERCURIAL DISEASES.—Persons whose constitutions have been impaired by the injudicious use of Mercury, will find these medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury, infinitely sooner than the most powerful preparation of Sarsaparilla.

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the weak or lowly and infirm is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to keep up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhœa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, unpermanented invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.
